Heat Treatment Furnaces for Light Alloys

[www.sat-thermique.com](http://www.sat-thermique.com)

## High accuracy customized heating solutions

Long experience in NADCAP projects

### > Furnaces

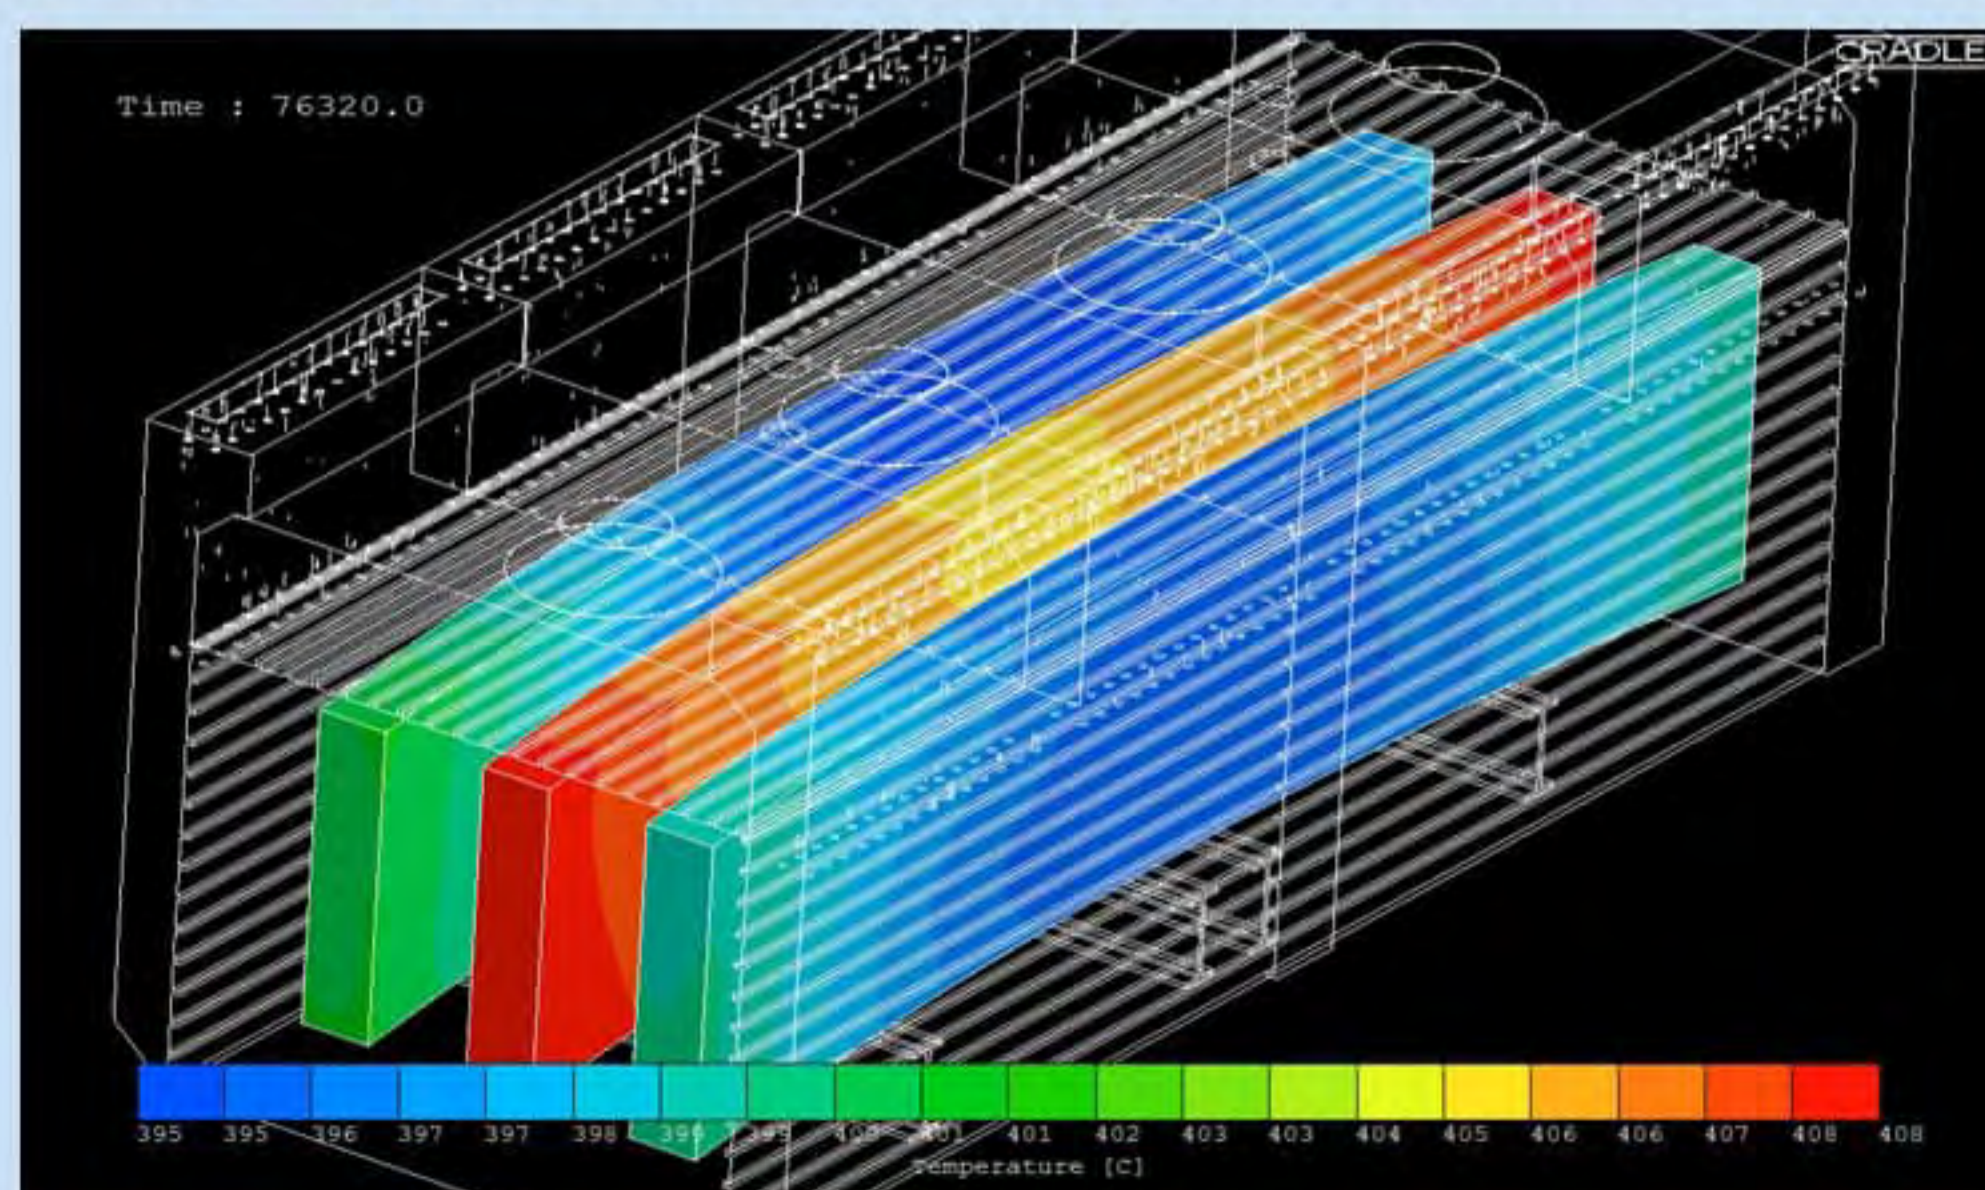

### > Chain furnaces

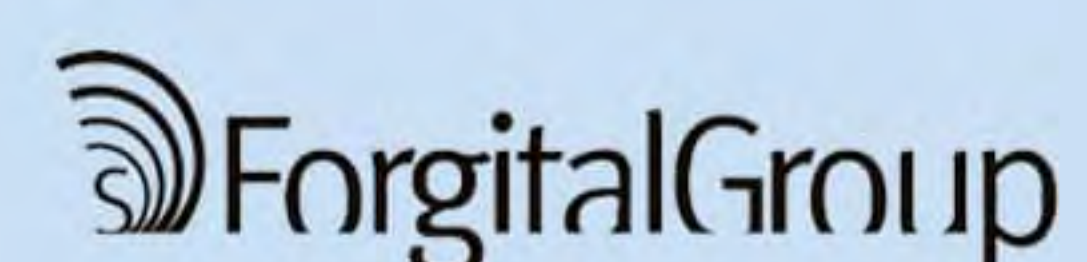

### > Engineering to fit your process

Know-how in 3D aerualics calculations for heating process

More than 60 years of industry experience in aerospace

- NADCAP
- AMS 2750
- BAC 5621
- RPS 953

# Light alloys heat treatments

## Engineering solutions to fit your project

More than 60 years of industry experience in aerospace

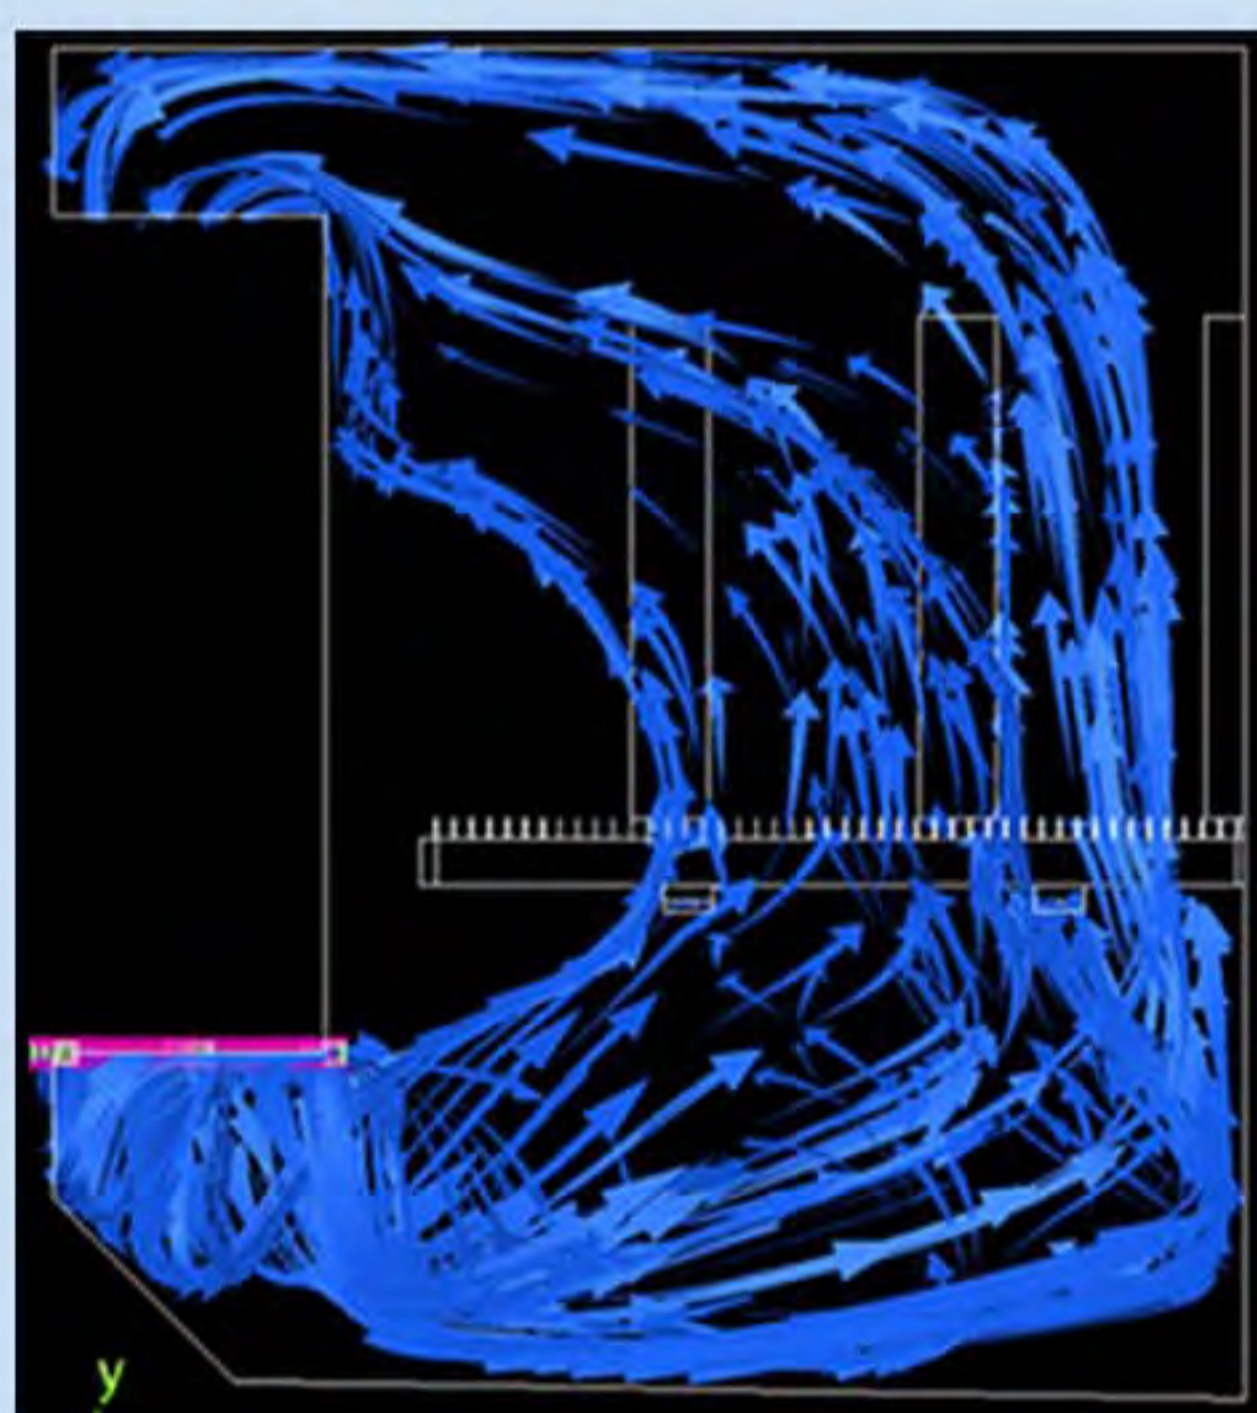

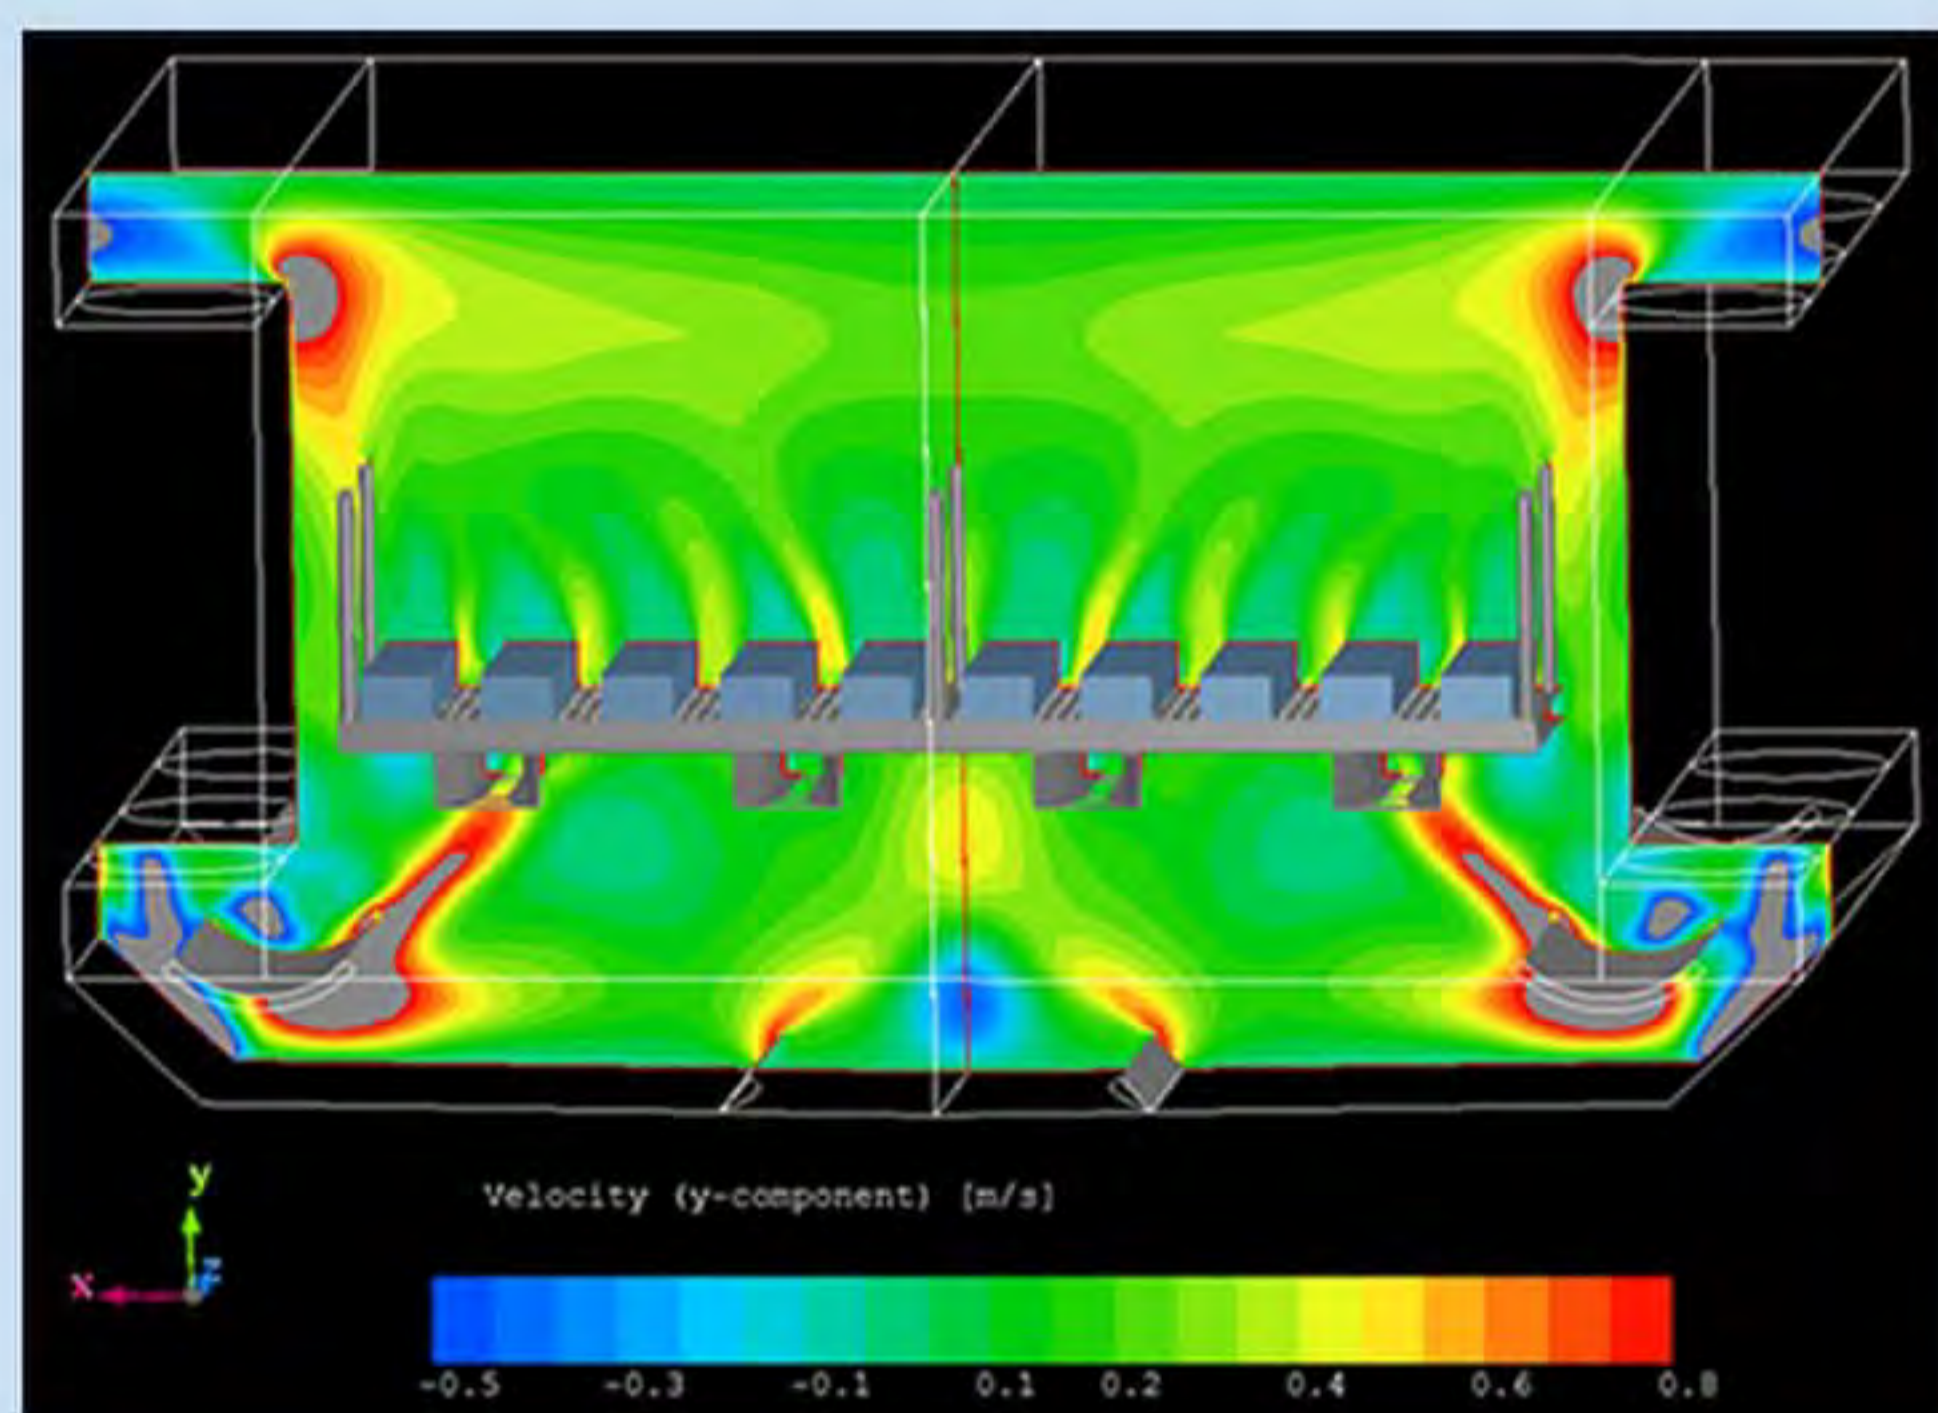

### ➤ Horizontal solutions with automatic conveyor

### ➤ Drop bottom solutions

- High accuracy temperature furnaces
- Short transfer time
- Long experience in aeraulics calculations

3D calculations for quenching process

### ➤ Car bottom aging furnaces
